

**WASHINGTON, D.C. JULY 15-17, 2007**  
**Speak for your industry ...**  
**and your business**

**Mark your calendars! TCIA members will join with the Professional Landcare Network (PLANET), in Washington, D.C., July 15-17, 2007,**

Learn about the latest legislative activity in Washington, hear from key policy makers, and have an opportunity to visit Capitol Hill and meet with your elected representatives. Take advantage of this rare opportunity to visit the congressional office of your senators and representatives and make your voice heard on the key issues affecting your business.

Legislative Day on the Hill is a vital element in TCIA's Transformation of the Industry and allows tree care professionals to educate federal policy makers about the tree care industry and have a real say in where policy is headed. All members should attend this important event.

Of course, Washington has much to offer as a family destination as well – the legislative conference is the perfect excuse for a combination business/pleasure getaway. The city is packed with free attractions, an endless calendar of special events, famous sights, and family-friendly entertainment.
