Benchmark Payment Networks provides electronic payment services to merchants in all 50 states and Canada. Using Benchmark, TCIA members have a cost-effective approach to merchant bank processing, remote deposit capture, and credit card processing with the latest technology. Benchmark delivers reliable and secure payment solutions to help TCIA member businesses succeed.

Additionally, members have available to them a variety of payment processing solutions that integrate seamlessly with your existing accounting systems. Benchmark will keep members current with the latest security and fraud prevention techniques and informed of the latest credit card technology. Also, in keeping with the Affinity Partner program, Benchmark Payment Networks contributes funds to support TCIA member programs.

Member Benefits: Benchmark will lower current merchant processing rates to help TCIA businesses save money. The cost-cutting rates have been negotiated by TCIA as a member benefit. These favorable rates also apply to mobile chip compliant devices, electronic check conversion and payroll processing.

Example: Benchmark will provide a cost free analysis of your current merchant statement detailing the savings on a monthly basis, Benchmark will look to achieve a minimum of 10-25% savings off of your current program.

Requirements: Submit a copy of a recent statement by fax or email to Benchmark for review to identify your savings.
