

TCIA-Approved EHAP[®] Instructor Application Form
Tree Care Industry Association, Inc.

All TCIA-Approved EHAP[®] Workshop instructors must meet the following criteria.
Please check boxes and attach all required documentation.

- Must hold a current certification as a Certified Treecare Safety Professional (CTSP). TCIA will verify status after application submission.
- Must show proof of having conducted at least five successful training seminars or workshops at recognized training events.

Documentation must be provided to show participation and success. Provide at least one of the following to verify participation in each of the five training events: notices from program or conference brochures, training catalogs, contracts, etc. Also provide five specific post-event testimonials or evaluations showing positive results.

- Must hold a current EHAP[®] certificate. TCIA will verify status after application submission.

I recognize that EHAP[®] and the EHAP[®] logo are registered trademarks of TCIA, Inc. I also recognize that the EHAP[®] manual and related videos are copyrighted by TCIA, Inc. I agree not to reproduce these in any form without express written permission from TCIA. I also agree that any workshops I facilitate that may be advertised as an "EHAP" training event, will only use the TCIA EHAP[®] program. If I am involved with an electrical hazards training program that does not use the TCIA EHAP[®] program, it will not be advertised as an "EHAP" workshop and I will not advertise the credential of TCIA-Approved EHAP[®] Instructor in association with that training event. I recognize that the credential of TCIA-Approved EHAP[®] Instructor can be removed by TCIA Inc. at any time with or without cause.
