Project Intent	Supersedes or Affects	
Revise current ANS	ANSI A300 (Part 5)-2012	
Project Need	Identify ISO or IEC standard to be adopted	
A revision is needed to review and incorporate changes in industry standard practices, as appropriate, since the initial approval of this standard in 2012.		
Identify Stakeholders	Includes text from ISO or IEC standard?	
Tree Care Industry, Green Industry, Arborists, Land Care Industry, Landscape architects, Property managers, Utilities, Urban planners, Consumers, Governmental agencies	No	
Scope summary		
A300 standards are performance standards for the management of trees, shrubs, and other woody plants. They are also a guide in the drafting of maintenance specifications for federal, state, municipal, and private authorities including property owners, property managers, and utilities. BSR A300 (Part 5)-20xx Management of Trees and Shrubs during Site Planning, Site Development, and Construction will provide standard practices for management of trees and shrubs during site development activities.		
Consumer Product	Unit of Measure	Revises a previous PINS submittal?
yes	Both	no
Notes		
Request an Announcement in Standards Action to Solicit New Consensus Body Members		
No
