What is ArborBucks ?

ArborBucks drives attendee traffic to your booth and creates excitement on the trade show floor by offering 'free money' to TCI EXPO attendees.

How does ArborBucks work ?

There are four drawings (two each, on Thursday and Friday) during TCI EXPO. Winners "spend" ArborBucks at TCI EXPO with participating exhibitors.

What does it cost ?

\$200 to participate and increase your visibility. If ArborBucks are spent at your booth, simply redeem them for cash at show's end – so no matter how much ArborBucks currency is spent at your booth, it never costs you more than your initial \$200 investment.

What do I get ?

Your Company will be listed...

on signage at the show

in the onsite show program, distributed to 3,000+ attendees

in the TCI EXPO section of the TCIA website, seen by more than 6,000 visitors each week!

You will also receive...

an 'ARBORBUCKS PARTICIPANT' sign for your booth
the potential to make more in sales than the price to participate!

“ I had quite a few attendees ask me about the ArborBucks program, and a couple of them even came back to purchase items above the cost of the ArborBucks. It was well worth the investment! ”
